The First Anniversary Entertainment Last Night

OF EXCELSIOR LODGE A. O. U. W.

Was a Most Pleasant Event and an Unqualified Success-Mr. Frank Gruse and Captain Dovener Make Addresses-Various Features of the Entertainment That Were Favorably Received.

Last evening at the newly fitted up quarters of the city lodges of the Ancient Order of United Workmen, in the Grand Opera House block, one of the younger lodges, Excelsior No. 19, gave its first anniversary entertainment. The beautiful and commodious assembly hall was well filled with members of the order and their friends when Mr. I. Isenberg, of Excelsior arose to make a few preliminary remarks fitting to the occasion. He concluded by introducing Past Master Workman Frank Gruse, who made an elequent and admirable address, dwelling particularly on the beauties and benefits of the A. O. U. W. as an order which, besides besides being beneficial in the ordinary acceptation of the word, has in Wheel-ing particularly earned a just reputation ing particularly earned a just reputation as a dispenser of charity in unassuming but effective ways.

The programme of the evening was then continued, the first number being a piane duet by the Misses Bickerton and Kline, which was warmly applauded by the appreciative audience. The recitation by Prof. Correy, of Covington, Ky., was another number that was received with great favor. Messrs. Wallace and Brand received "galvos of opplayed" at the conclusion of their are Wallace and Brand received "galves of applause" at the conclusion of their artistic rendition on the mandolin and banjo. Mr. Arthur Geraghty's reputation as a soloist is well known, and of course he did not tail to receive merited applause. Messre. Robert C. Darrah and J. W. Morgan, in rendering selections from Shakespespeare, maintained their well earned reputations in that line of entertainment. An entertainment. of entertainment. An entertainment by local talent, with Charles Zulauf out of the cast, would approach in the un-fitness of things "Hamlet" without the

fitness of things "Hamler" without the Dane. This favorite Wheeling soloist rendered a bass solo with his usual artistic finish.

The closing feature of the entertainment was an address by Capsain B. E. Dovener, who surpassed even himself in eloquently describing the advantages of numbership in the cottent of the content of the conten of membership in the order. Alto-gether, Excelsior's first anniversary en-tertainment will long be remembered as an unqualified success.

Fighters are Fined.

Fighters are Fined.

In Squire Arkle's court yesterday William Wilson was fined \$10 and costs for assault on William White at a dance out Caldwell's run some time ago, and in default went to jail. The cases of Clarence Wickham, George Rinkus, George Wickham, William Ikey, P. Leonard, George Otto and Ed. Altman, on the same charge, were postponed.

James Smith, Paul Leonard, Jacob Leonard and Will Green were before the same squire for assaulting John Knox some time ago. Paul Leonard and James Smith were found guilty and fined \$5 and costs each, and in default went to jail for ten days. The evidence revealed the fact that Knox had contended with angry words before the fight and a fine of \$1 and costs was assessed on him. The squire also committed E. C. Johnson to jail for ten days in default of \$1 and costs for fighting.

The intention is to secure as good a boat as can be found on the river, and to run the Charleston and the new boat, leaving the opposite sides of the river at the same time. Last night the Climax ran in place of the Charleston, while the latter was cleaning boilers.

LOCAL BREVITIES.

Matters of Minor Moment in and About the City. THERE were 189 cases in the police court in April, not a bad average for dull times.

THE articles of incorporation of the German lodge No. 7, K. of P., were yesterday filed with Clerk Hook.

C. W. COOPER, colored, of the Island, was arrested last night by Officer Porter for disorderly conduct at his home on Zane street.

JAMES MENDEL has bought a con-trolling interest in the Wheeling Tent and Awaing Company. It will retain that name, and Mr. Mondel will be sec-rotary and treasurer. FRANK MILLER and Will Straub, two well known young athletes and own-

well known young athletes and gym-nasts of the Island, will leave on Mon-day for Baltimore, where they will join a circus for the season. These are steady complaints as to the way people are seining for fish in the Back river. They are fast spoiling the anglers' sport, as similar illegal de-

vices have spoiled it nearly everywhere else. In the police court yesterday morning there were three disorderly cases.

Joe Shupmel paid \$5 and costs and Effic

The force at the city clerk's office was kept busy yesterday taking in money and issuing liquor licenses. The license year opens next Monday, May 7. Milk men and owners of wagons also walked up and settled. The fees on all licenses can be paid any time this week.

She w oth white and colored people. She was of years old, and was originally aslave in the Sweeney family. When emancipated she continued to live with them. She had saved up some money, and this she has understood to have left equally divided to the A. M. E. church and the youngest daughter of her old master. master.

Contract Awarded.

At a meeting of the board of educa-tion at Martin's Ferry last night, bids for furnishing and putting up the heat-ing apparatus in the new Central school apparatus in the new Central school building were opened and considered. The Snead Heating Company, of Toledo, was awarded the contract at its bid of \$1,760, which is considered remarkably cheap for the work. The members of the board expected the apparatus would cost at least \$2,500.

Weighing Machines to Go.

In view of the license fee on slot ma-chines in Wheeling, which is about to take effect, the company which owns the penny automatic scales has or-dered all of them stationed here, with four exceptions, sent to the headquarters. The company leaves the four ma-chines which have paid best, and will pay the license tax on them. It is doubtful if there will be a dozen slot machines of any kind left in town.

HIS MILK FOOT.

The Singular Experience of a Patient Mar Suffering From Gout. An INTELLIGENCER reporter met a living and painfully moving example of the axiom that what is one man's meat is another man's poison, or that a rem-

"Oh, it's my milk foot again," said he, sententiously.
"Your milk foot!" exclaimed the mystified reporter.
"Yes, that's what I said. You see it's this way. I was troubled with a sort of gout in my right foot; could hardly walk. I consulted my doctor, and after he examined and catechised me as if I was applying for a life insurance policy he told me I must drink nothing stronger than milk. Welf, after faithfully practicing the first principles of nourishment for two months what do you think happened? Why the ded gasted gout by a fink movement retreated from my right foot only to take up a similar position in my left foot."
"That's funny," ventured the reporter.

I am going to become a confirmed spruedel water drinker and see if I can't grow another for." another foot," and the emphasis he em ployed to impress this on the reporter's mind was strong enough to color a meerschaum pipe.
